PROFESSIONAL SUMMARY

Results-driven UI/UX Designer with 5+ years of end-to-end product design experience across SaaS, Ed-tech, Industrial and enterprise platforms. Proven track record of translating complex business requirements into intuitive, revenue-generating digital interfaces including securing a key contract renewal worth INR 5cr through superior UX delivery. Expert in Figma, design systems architecture, and Agile product workflows. Immediately available for full-time UI/UX, Product Designer, and Senior UI/UX roles.

PROFESSIONAL EXPERIENCE

UI/UX Designer | HIND IndusTec Pvt. Ltd. Feb 2024 – Feb 2026 | Pune, India | On-site

- Delivered INR 5cr contract renewal by designing a superior, intuitive user experience for key steel industry clients.
- Spearheaded responsive dashboard design for industrial clients, cutting design iteration cycles by 30% within the first 6 months through structured Figma workflows.
- Engineered a comprehensive, reusable design system that standardised brand identity across 5+ enterprise Projects, reducing front-end development time by an estimated 20%.
- Accelerated stakeholder decision-making with high-fidelity interactive prototypes, delivering the final design phase 2 months ahead of schedule for a major SaaS rollout.
- Collaborated with engineering teams on technical implementation, conducting rigorous design QA to ensure 100% pixel-perfect production releases.
- Mastered rapid iteration in Figma, executing A/B exploration cycles that validated core features prior to full-scale development.
- Partnered with product owners to define feature scoping, ensuring all design deliverables aligned with quarterly business KPIs and budget constraints.

Associate UI/UX Designer | Bridgelabz Solutions Pvt. Ltd. Jan 2021 – Oct 2023 | Bangalore, India | Hybrid

- Boosted user engagement by 25% through the redesign of registration flows and onboarding journeys for mobile-first Ed-tech platforms.
- Eliminated 20+ critical user pain points by leading comprehensive user research and usability testing for live Ed-tech startups.
- Designed and maintained scalable component libraries in Figma, accelerating design-to-development handoff across multiple product teams.
- Collaborated with cross-functional teams in Agile sprints, consistently meeting sprint goals and delivering polished UI across web and mobile.

UX Designer (Freelance) | Orbitbook Jun 2021 – Dec 2021 | Australia | Remote

- Led UX design, user research for developing comprehensive user flows and low-fidelity wireframes that streamlined international user onboarding.
- Mapped end-to-end user journeys from discovery to purchase, identifying key friction points and proposing intuitive navigation structures to boost conversion rates for a global audience.
- Designed scalable, reusable UI component libraries for web and mobile, reducing design-to-development handoff time.
- Produced design documentation and Adobe XD prototypes to Agile engineering standards, maintaining design consistency across multiple product releases.
- Collaborated remotely with Australian stakeholders to align designs with brand goals and market needs, resulting in faster iteration cycles.

Associate UI/UX Designer | Slate Initiative Oct 2020 – Jan 2021 | Bangalore, India | Remote

- Designed end-to-end web app interface for a Job Description generator, enabling automated creation of tailored hiring content from inputs such as role title, skills, and responsibilities — streamlining recruitment workflows.
- Streamlined stakeholder feedback loops by creating high-fidelity wireframes, reducing rework in the development phase by 15%.
- Contributed to UX strategy and feature prioritisation during collaborative design sprints for web and mobile products.

CORE SKILLS & TOOLS

UX Research	User Journeys Persona Development Information Architecture Usability Testing A/B Testing Heuristic Evaluation
UI & Visual Design	Design Systems Responsive Web & Mobile UI Component Libraries Typography Visual Hierarchy Interaction Design
